**LYMAN HIGH SCHOOL
After School Tutoring Program**

August 19, 2016

Dear Families,

The tutoring program is designed to offer after-school assistance for students in the areas of Algebra I, Algebra II, Geometry and English. In order to have your student participate, we ask that you hold them accountable for meeting the following expectations so that together we can create a conducive learning environment:

After School Tutoring Expectations

- Students will sign in and receive an instructional lesson.
- Students will work quietly; they may whisper when working in groups.
- Students will spend time: receiving an instructional lesson, completing homework and/or studying.
- Before leaving, students must sign out, noting the time.

We want this to be a valuable resource for motivated students to improve their academics. If a student is unable to follow the tutoring expectations, one of our tutors will contact a parent/guardian. If noncompliance persists, the student will not be permitted to attend after school tutoring.

We thank you in advance for your support.

Sincerely,

Suzanne Skipper
